

# 6-Week Session – Course Selection Form

College Intensive programs offer rising juniors and seniors the opportunity to earn college credit by engaging in challenging undergraduate level courses. Grades earned establish an official academic record at GW and may be transferable, depending on the policies of the receiving institution.

Students enroll in up to two 6-week summer courses taken alongside GW undergraduates. Courses are introductory level and are offered across a variety of disciplines. Classes meet for 1½ to 2 hours, 3 to 4 days per week. Students can expect significant reading, writing, and research assignments.

Students who wish to engage in credit-bearing online courses may apply for the 6-week online option. Online courses are rigorous and best suited for self-motivated students with advanced study skills.

For dates and times of courses, please consult the [GW schedule of classes](#) or [Course Search \(Make sure to select "Summer 2019 as Term"\)](#). For Tuition and fees, consult the [GW College Intensive Program Tuition and Fees](#).
