SUMMER IN THE CITY 21
Welcome to The George Washington University

Congratulations on your acceptance to The George Washington University as a visiting student! We have prepared this handbook to assist you before your arrival in Washington, DC. It covers practical items such as entering the United States, finances, housing, travel arrangements, health care, insurance, safety and more. We encourage all students to read this handbook in its entirety.

SUMMER AND SPECIAL PROGRAMS
The Summer and Special Programs office at GW is responsible for summer academic programs and courses for undergraduates and graduates, including International Summer at GW, a program for visiting international students. Our staff assists with issues concerning your personal adjustment to academic life at the university, billing information, registering for courses and your transition to the Washington, DC area.

INTERNATIONAL SUMMER AT GW PROGRAM STAFF
202-994-6360 | gwsummer@gwu.edu

Claire Shoolin, Director

Claire Shoolin is the Director for International Summer at GW. In this role, Claire collaborates with partner institutions, develops new summer program initiatives, and promotes GW abroad. Prior to her work at GW, Claire was the Executive Director of the South Africa-Washington International Program (SAWIP), a non-profit that brings together diverse university students from South Africa for leadership development and peace building. Originally a native of Chicago, Claire graduated from the University of North Carolina at Chapel Hill with a BA in Cultural Studies, received an MA in International Education and Exchange from American University, and has also completed her MBA at Johns Hopkins Carey School of Business. Previously, Claire has run international student programs at the UNCF Special Programs Corporation and the American University, Washington College of Law. In 2009, Claire took six months to travel around the world so as to foster exchange as part of her career. She is conversant in Spanish and has a basic knowledge of French and Italian.

Andrea Reigle, Special Programs Advisor

A graduate MA candidate of Public Policy at GW, Andrea Reigle has spent nearly a decade in Washington, DC as a student and employee of GW. As an undergraduate she was a double major in Economics and Journalism. She joined the Summer and Special Programs office in 2009 and is experienced in assisting visiting students with a full range of academic and support services. She advises students on courses, application and immigration processes and develops social, cultural, and intellectual activities throughout the program to ensure that students are getting the most out of their summer. An avid cook, she can often be found at one of DC’s outdoor food markets on summer weekends.
Immigration Matters

INTERNATIONAL SERVICES OFFICE (ISO)
iso@gwu.edu | 202-994-4477

The International Services Office is available for questions regarding immigration status, employment regulations, travel, or other visa concerns.

OBTAINING A VISA TO STUDY IN THE UNITED STATES

If you applied for visa sponsorship from GW, you will receive I-20 documentation that is required to apply for your F-1 visa to study in the United States. If you have not received this document by early May, please contact us immediately.

We encourage students to contact their local US Consulate or Embassy for specific visa application instructions; but in general, you should pay the Student and Exchange Visitor Information System (SEVIS) fee (preferably online) and schedule an interview appointment with the nearest US Consulate or Embassy upon receipt of your immigration document. Bring your SEVIS fee receipt with you to your Consulate meeting. Please note: The SEVIS fee is not the same as your $200 program fee and they must be paid separately. You will then follow the Consulate’s instructions on the visa application process and required documents. Your entry visa will be stamped in your passport.

For more information, please review the websites listed below:

- Locate a US Embassy near you: [http://usembassy.state.gov](http://usembassy.state.gov)
- US Department of State’s Visa Service Information: [http://travel.state.gov/visa/visa_1750.html](http://travel.state.gov/visa/visa_1750.html)
- Department of Homeland Security (DHS) Information regarding SEVIS fee & payment instructions: [www.ice.gov/sevis/i901](http://www.ice.gov/sevis/i901)

NON-IMMIGRANT INTENT

The F-1 visa is a non-immigrant visa, which means that students applying for F-1 visa type must demonstrate strong ties and a plan to return to their home country following completion of their academic program. The following are examples of possible ways to show proof of non-immigrant intent:

- Be prepared to express how you intend to apply your exchange program at GW in your home country after completing your program;
- Demonstrate ties to family who reside in your home country (perhaps your parents own property);
- Show proof of employment or study following completion of your program at GW;
- Show proof of owning real-estate (land, house, apartment).
SECURITY CLEARANCE
Each visa applicant will experience a series of security clearance checks which may or may not affect the processing of your visa. It is not possible to know ahead of time whether your application will be delayed due to a security clearance. If your visa application is pending beyond the expected processing time as a result of a clearance check, please contact ISO with details of your delayed visa application.

ENTERING THE US
Students may not enter the US more than 30 days prior to the start date listed on their I-20. The program start date is governed by the I-20 documentation from GW and may not be changed. Please plan your travel to the US accordingly and contact ISO with any specific travel questions.

Hand-carry the following documents:
- Your passport (valid for at least 6 months after your departure from the US)
- Your SEVIS form
- Your I-20
- Evidence of financial resources

In addition, it is strongly recommended that you also hand-carry the following documents:
- Paper receipt for the SEVIS fee
- Evidence of student status, such as letter of admission
- Name and contact information of the International Summer staff

If you are sponsored by GW for full-time study you should enter the United States in the F-1 visa category. If you have questions about your visa status, please contact us for clarification.

At the port of entry in the US, you will receive an I-94 admission stamp and an immigration officer will examine your I-20, passport, and entry visa (not applicable to Canadian citizens). The officer should stamp both your I-94 card and your I-20 form with “F-1” and “D/S.” Please keep these extremely important immigration documents in a secure place.

If you are sponsored on an F-1 visa by GW, you must use your GW I-20 to obtain a student visa and enter the US. Once you enter on your GW I-20, you must attend GW, and not another institution. You should immediately contact an ISO advisor if you entered the US with a different school's I-20.

Preparing For Washington, DC & GW

One of the best ways to prepare for your time abroad is to learn as much as you can about GW; Washington, DC; the United States; and American culture prior to your departure. It is unrealistic, however, to expect that you will be able to prepare yourself fully for your time in the US, so we strongly recommend that you expect the unexpected! Your experience at GW and in DC will be based largely on how you decide to spend your time here. If you keep an open mind and maintain your sense of humor, it will help you greatly to meet the challenges of studying in a new country and make the most of the experience.

CLIMATE
You should come prepared for humid, hot summers. The temperature can rise to as high as 100 degrees F (37-38 degrees C) with high humidity in the summer. Plan to wear cool clothing. Clothing for rainy weather will also come in handy. Residence halls and academic buildings are air-conditioned during the summer months.

CLOTHING
Though students do not dress formally for every class, it is a good idea to bring some formal attire for certain course trips or other formal events. On campus and in the classroom, informal attire such as t-shirts, jeans, slacks, and shirts are acceptable for men and women.

PACKING LIST*

*Carry-on Luggage:
- Valid Passport
- Valid US visa stamp (if applicable)
- Certificate of Eligibility (I-20)
- Proof of financial support
- Sufficient funds to cover expenses (such as a credit card and some cash in US Dollars)
- Medical records including immunizations (in English) and proof of adequate health insurance coverage
- Transportation arrangements from the airport to GW
Street address of your destination. You may need to give this to a taxi driver.
Medications you use regularly
GW Pre-Departure Guide 2015

Other required items:
- Bed Sheets (Twin size, Extra Long)
- Blankets/Comforters
- Towels
- Toiletries

Suggested Items:
- Umbrella
- Raincoat
- Plug adapters and/or voltage converters (American electrical voltage is 110 volt/60 hertz and electrical outlets can have two or three pin plugs)

*Please note: We will arrange a trip to a Target store, [www.target.com](http://www.target.com), during the first week of classes to assist you in obtaining any needed items. However, as this trip may not occur before you need to use bedding or toiletries, we recommend bringing all necessities and purchasing optional items upon arrival. Additionally, GW’s Foggy Bottom Campus has convenient access to a Whole Foods grocery store where students can obtain basic toiletries, and cleaning products (such as laundry detergent) in addition to food.

**CELL PHONES**
We recommend that all students inquire with their cell phone company about their options when travelling abroad. Students who wish to purchase a cell phone in the US should be advised that many cell phone companies require contracts which can last from 1 - 2 years.

**BANKS AND ATMS**
GW’s Foggy Bottom Campus is in close proximity to a number of banks, including Bank of America and PNC. Both of those banks also have ATMs around campus.

**CUSTOMS AND CULTURE**
Customs and culture may be very different in the United States from your own. Prepare yourself for these differences, but keep in mind that Americans can be complicated since we are often a mixture of many cultures and one of the things Americans value most is their sense of individuality. You may benefit from talking with people in your home country who have studied here or purchasing a travel guide book.
Arrival Information

RESIDENTIAL STUDENT CHECK IN

Campus Address

The first day check-in address for Session II is below. Session I details will be sent closer to the program.

Session II
Marvin Center, Room 403
800 21st Street, NW
Washington, DC 20052

General Study Session I: Monday, May 18 starting at 3pm. Please note, this is also the first day of classes, so it is recommended that students arrive on Sunday, May 17 and stay in a hotel that evening.

General Study Session II: Sunday, July 5 starting at 3pm.

AIRPORT PICK UPS

International Summer is arranging for an airport pick up on Sunday, July 5. An airport pick-up survey can be found on the Admitted Student page of the International Summer website. For students arriving for Session I on May 18, use the information on traveling to campus detailed below.

REGIONAL AIRPORTS

Washington, DC is located within 50 miles of three major airports, Reagan National Airport (DCA), Dulles International Airport (IAD) and Baltimore-Washington International (BWI). Basic methods of travel from each airport to the Foggy Bottom Campus are listed below.

All airports have the following services available:

- Taxi: Taxicabs serve all airports and signs within the airport will direct you to the appropriate exit. In most cases, this will be the most expensive method of travel with fares as high as $80 depending on the distance and traffic.

- Super Shuttle: Door-to-door service is available to any destination in metropolitan Washington. Supershuttles are often cheaper than taxis because they are shared among other passengers. For information, call 1-800-BLUEVAN or visit [www.supershuttle.com](http://www.supershuttle.com).
Metro
Reagan National Airport is currently the only airport that is located adjacent to a metro station. GW is located at the Foggy Bottom/GWU metro stop. More information can be found on the Washington Metropolitan Area Transportation Association website, http://wmata.com.

HOTELS CONVENIENT TO GW AND FOGGY BOTTOM
- One Washington Circle Hotel, One Washington Circle, NW, Washington, DC 20037, 1-800-424-9671, 1-202-872-1680
- Courtyard Marriot, 515 20th Street, NW, Washington, DC 20006, 1-202-296-5700

ORIENTATION
Session I General Study Students: A mandatory orientation session will be held during the first week.
Session II General Study: On Sunday, July 5 residential staff will informally provide information such as campus maps, campus tours, and information on obtaining a student ID. A mandatory orientation session will be held during the first week.

As part of orientation, all F-1 sponsored students report to the International Services Office (ISO) for a mandatory new student arrival information and immigration documents review & presentation. You will need your passport/visa, I-94 and I-20.

GW BASICS
GW ID
The GW ID is an 8-digit number beginning with the letter G (for example, G12345678) and was provided in your acceptance letter. This number is used as an identifier for you throughout the campus network. This GW ID is unique to you and should not be shared with other students. You may be asked for your GW ID number:

- When you need to pay your bill
- When requesting a transcript
- When you login to GWeb to register for courses

When you first logon to the GWeb system, you will need to enter a PIN number. The first time you login to the system, your pin will be your date of birth in MMDDYY format, where M=Month, D=Day, and Y=Year. (Example: March 5, 1983 would be 030583). The system will prompt you to change your pin to a 6-digit pin code. Please keep this information in safe place.

EMAIL
All GW students, faculty, and staff have email access. Email is the most commonly used communication system on campus. For this
reason, it is very important for you to have a GW email account and check it regularly. Email accounts are created when you apply for a GW Net ID. This is the account where you student e-bill with your tuition balance will be sent. More details can be found in the Payment of Fees section (page 14).

To check your email account, visit the MyGW portal at http://my.gwu.edu. Click on the email icon at the top left and select that you are a student. You will use your GW Net ID and password to login to check your email account.
Academic Life

Attending regularly scheduled and make up classes, discussions and recitations, laboratory sessions and other course meetings is a fundamental student responsibility. Faculty may use class attendance and participation as factors in determining course grades. The contributions of class attendance and participation toward course grades should be explicitly stated on the course syllabi.

While it is expected that students will make every effort to attend classes, it is recognized that personal circumstances (e.g., religious observations, documented family and medical emergencies) and University-scheduled events (e.g., varsity athletic competitions, performances) will arise which preclude class attendance. In such circumstances, faculty and other instructors are expected to make appropriate accommodations (e.g., make up tests, adjusted due dates for papers and projects). Such accommodations are to be determined by the faculty member. The student is responsible for obtaining the materials presented in missed classes and for making up missed tests and other assignments. No academic penalty shall be imposed for class absences which are permissible in accordance with University policy. It is expected that whenever possible, students should inform course instructors in advance of any absences related to scheduled events. Professors hold specific office hours to discuss academic material or any concerns.

METHODS OF INSTRUCTION

For each class, you will likely be required to buy at least one textbook from which regularly assigned readings are given. Some classes may require several books, depending on the area of study. The instructor may also assign readings from other books in the library or will provide them to you online. Lectures will usually supplement these readings.

It is important to read all assigned materials and take careful notes on the lectures because examinations and sometimes papers will be based on both. Be sure that you are aware of the specific expectations for each of your classes by thoroughly reviewing the syllabus the instructor has presented to you on the first day of class. Most instruction is organized and conducted in the following ways: lecture, discussion section, or seminar.

Lecture
The lecture class is most frequently used at the undergraduate level, particularly in the first two years of study. Lectures are sometimes large and make discussion difficult. For this reason, a lecture will often be supplemented with a recitation or discussion session to permit discussion and/or scientific experimentation.

Recitation/Discussion Section
Often the recitation or discussion section is conducted by a Teaching Assistant (TA) who is a graduate student in the particular discipline. Students are encouraged and expected to ask questions either during the lecture period or during the recitation/discussion section. If you wish to speak during the question period, feel free to raise your hand.
Seminar
This is the most common form of instruction at the graduate level. These classes are generally smaller, permitting opportunities for direct student participation and closer interaction with professors.

Exams
Exams usually fall into three categories: quizzes, midterms, and finals. Most professors will announce the format of the exams and the material it is to cover.

- **Quizzes:** These are short tests covering the material currently being studied. The instructor may or may not notify you in advance of this occurrence.
- **Midterm Exams:** These exams are given approximately midway through the course of a class. They may cover a small part of what has recently been studied or may be comprehensive and include all material from the beginning of the semester.
- **Final Exams:** “Finals” are given at the end of the semester and may cover all the materials studied during the semester or only those covered since the midterm. The requirements for each class vary.

Blackboard
Blackboard is an online course tool that allows faculty to share their syllabus, readings and other course content online. Some courses will utilize Blackboard more than others and students should log in to Blackboard frequently throughout the semester to ensure that they are keeping up with all assignments. In some courses, online discussions or submission of work will be an expected part of class participation. Students can log into their Blackboard account using their NetID (email) log in and password at [http://blackboard.gwu.edu](http://blackboard.gwu.edu).

**GRADES**
Grades are a system for evaluating your academic work. They designate your relative standing in the class and are wholly determined by the instructor’s judgment of your achievement on exams, term papers, class participation, etc. At GW, the following symbols are used in most, but not all, programs:

- A = Excellent
- B = Good
- C = Fair
- D = Poor
- F = Failure
- I = Incomplete

**FULL TIME STATUS FOR F-1 SPONSORED STUDENTS**
US immigration regulations require F-1 students maintain a full-time status at all times. This means that undergraduates must be enrolled in a minimum of six (6) credits per six-week session, and graduates a minimum of three (3) credits per six-week session.
**ADD/DROP PERIOD**
The add/drop period at GW lasts from May 18 - May 24 for Session I and July 6 - July 12 for Session II. During this period you may adjust your course schedule by dropping and adding courses, but you must maintain your minimum number of credits, 6 for undergraduates or 3 for graduates, to be considered full-time. To ensure that you maintain visa compliance and are taking appropriate courses, all students must contact the Special Programs Advisor with any schedule changes.

**COURSE SCHEDULE**
The University's summer schedule can be found online at [http://my.gwu.edu/mod/pws/](http://my.gwu.edu/mod/pws/). It is important that you take the time to view all of the courses available to you and have defined alternatives in the event the class you are interested in taking is full or closed.

**ATTENDANCE**
You must attend all the courses for which you are registered. If you sign up for a class and do not attend, you will receive a failing grade on your GW transcript.

**HOW TO REGISTER FOR COURSES ONLINE:**

**Step 1: Plan Your Schedule**
Review the available courses on the online schedule and work with the Special Program Advisor if you have any questions about what courses to choose. All students will be advised on their course choices upon submitting an application.

**Step 2: Access GWeb**
Once your $200 non-refundable program fee is received you are able to enter the online registration system. Visit the GW portal (my.gwu.edu) and click on the GWeb Info System link on the left side of the page. Enter your GW ID Number (the ID number looks like G12345678 and is located on your acceptance letter). Enter your PIN number.

**Step 3: Enter the Student Records & Registration Menu**
Click on the Registration Menu button.

**Step 4: Add Classes Using Your Course Registration Worksheet**
Add a class by selecting Register, Drop and/or Add Classes. Note: You will need to know the Course Registration Number (CRN) for the course you wish to add.

**REGISTRATION ERRORS OR REGISTRATION BLOCKS**
Students may receive error messages when trying to register for courses (such as “Student Status Prohibits Registration”, “Restricted to GWSB students only” or “You do not have the necessary Pre-Requisites”). If you receive an error message, similar to the ones above, follow the steps listed below to register for the course:
Complete the Registration Transaction Form (http://registrar.gwu.edu/forms).

Attach the Registration Transaction Form in an email to the professor of each course. In your email, you will want to explain to the professor the courses you have taken at your home institution (or if you can, attach a copy of your unofficial transcripts). You will want to ask the professor for his/her permission to take the course.

Once the professor responds with the approval, forward the entire correspondence to the Special Program Advisor for review. The Special Program Advisor will then forward the Registration Transaction Form and the professor’s approval to the Registrar’s Office who will manually register you for the course.

FULL OR CLOSED COURSES
You may find that some of the classes you are interested in are listed as “Closed” by the time you try to register. Please note that this does not mean that the class will stay closed. Many GW students switch classes before the semester starts, throughout the spring and early summer months.

CLASS MATERIALS/BOOKS
Students are responsible for covering the costs of any materials or books that they might need for their respective classes. Students can purchase or rent both new and used books in the GW Bookstore, located in the basement of the Marvin Center, upon arriving on campus. Generally, used books will cost less than a brand new textbook.
Program Deposit
The $200 International Summer program deposit can be paid by credit card, check (in US Dollars) or wire transfer. Consult the Payment Instructions page in your enrollment materials for more details.

How to Pay Your GW Bill
Bills for all programs are due the first day of summer, May 18, 2015. You can find your bill and payment options by visiting the Colonial Central website or by following the Payment Instructions included in your enrollment packet. Failure to pay your bill by the due date will result in late fees. The University uses e-bills which are sent to your GW e-mail address. No paper bills will be sent.

Students can contact Summer and Special Programs with questions about their bill or payment processes. In some cases student may be referred to Colonial Central for more detailed information.

Colonial Central
800 21st Street NW
Marvin Center Ground Floor
Washington, DC 20052
http://colonialcentral.gwu.edu/
Hours: Monday - Thursday, 9am - 7pm, Friday 9am - 5pm

Withdrawal & Refund Policies
The following is the University's withdrawal and refund policy for Summer 2015:

Tuition
- For courses dropped between May 18 - May 24 (Session I) or July 6 - July 12 (Session II), the student is responsible for 15% of the tuition for that course (for example, if a 3 credit course is approximately $4,290, then the student is responsible for paying $643.50)
- For courses dropped after May 24 (Session I) or July 12 (Session II), the student is responsible for paying the cost of the entire course.

Housing
- Housing charges will be cancelled for program withdrawals that are completed more than 15 days in advance of the start of the program (no later than May 1 for Session I and June 15 for Session II).
For program withdrawals thereafter, a $300 non-refundable housing deposit will be collected, in addition to the $300 non-refundable program and application fee.

**Program and Application Fees**
- Program fees ($200) and application fees ($100) are nonrefundable
Campus Logistics

CAMPUS
GW has two academic campuses: Foggy Bottom and Mount Vernon. Foggy Bottom serves as the main campus of the university. The campus sits on about 18 square blocks in the heart of one of the world’s most exciting and livable cities. The majority of the campus is located between 20th and 24th Streets and Pennsylvania Avenue and Virginia Avenue in the northwest quadrant of DC. Low-rise brick and brownstone buildings line the leafy streets of the Foggy Bottom Campus. Most academic buildings, residences, and student life centers are located on this campus. The Foggy Bottom Campus is metro-accessible using the Foggy Bottom/GWU metro stop of the blue and orange lines.

The Mount Vernon Campus is approximately 10-15 minutes away from the Foggy Bottom Campus by free GW shuttle bus. It is located off of Foxhall Road and W Street in the northwest quadrant of DC. It sits on 23 wooded acres in a quiet, polished residential neighborhood. There are regular shuttle buses from the Foggy Bottom Campus to the Mount Vernon Campus. The Mount Vernon Campus houses several academic buildings, a library, tennis courts, a swimming pool, baseball field, and soccer field for GW. There are several large student residence halls and a dining facility on this campus. The Mount Vernon Campus is not metro-accessible.

ON-CAMPUS HOUSING
Most undergraduate students live in university residence halls. Most graduate students rent apartments off campus. People new to DC and attending the University for a short period of time often prefer to live in University housing for the opportunity to meet other engaging students. As part of the International Summer Program, we provide an on-campus residential community of international visiting and matriculating students.

All rooms and apartments are furnished, but you will have to provide sheets, towels, toiletry items (including toilet paper) and necessary utensils should you have a kitchen attached to your rooms. When you make GW your home, residence halls should be treated as such. While support exists for maintenance issues, you are responsible for the basic upkeep of your room to include: keeping the room(s) generally clean, regularly taking out trash (and not clogging the chute), cleaning the inside of your appliances and cabinets. For room issues such as a light bulb going out, contact the Facilities Services by submitting a fixit request at https://facilities.gwu.edu/.

Students who live on campus are charged for their housing on their GW bill. For questions about your charges, ask the Special Program Advisor. The rules governing on-campus housing are available here: http://studentconduct.gwu.edu/residential-community-conduct-guidelines. Information on how to operate your on-campus appliances are available at http://living.gwu.edu/room-keep.
ROOMS
You should also be aware that single rooms are much less common in the United States. All residential students will share a bedroom with at least one other student and room assignments are not subject to change. Becoming acquainted with one’s roommates and learning to live with them is part of the college experience in the US.
Health Care and Insurance

HEALTH CARE AND MEDICAL INSURANCE
Health care and health insurance are important aspects of your life here and require careful thought and planning. The US health care system differs from that in other countries, and it is your responsibility to protect yourself from the exorbitant costs of health care.

US government regulations require you to maintain adequate health insurance for yourself while you are here. This obligation is contained in a specific rule that requires termination of your F-visa status for willful failure to maintain adequate insurance.

The cost of health care in the US is extremely high, often over $2,500 per day in some hospitals (covering room and board only). International students are not eligible for financial assistance from the US government or from the University to pay medical bills.

The US Health Care System
- The system is generally privately funded, not government sponsored.
- Payment is the responsibility of the individual, with or without health insurance
- Some doctors providing services at a hospital may bill the patient separately.
- Payment is usually expected at the time the care is given. Therefore, you should always check that your insurance will cover the treatment before it is given.
- You are responsible for seeing that bills are submitted and that claims forms (used to request payment from the insurance company) are properly completed.
- The reimbursement process takes time and incomplete forms can cause further delays.
- Copies of all bills and papers should be kept for at least one year.
- It is appropriate to seek an opinion about your case from a second doctor before deciding on a course of treatment.
- Be aware of your own health needs and background. Keep copies of your past medical records with you. It is very helpful, for example, to tell the doctor which medications you have taken in the past.
- It is appropriate to ask questions about your condition and your treatment. Take a friend to the doctor’s office with you to translate or help with forms if you feel that will help.

MANDATORY HEALTH INSURANCE REQUIREMENT FOR F-1 SPONSORED STUDENTS
All international students will be automatically enrolled in the GW Student Health Insurance Policy through Aetna. This insurance policy meets the requirements outlined for your F-1 visa.

Students who choose to remain in the GW Student Health Insurance Policy will see the insurance charges on their GW bill. The coverage periods for Summer 2015 are as follows:
Session I (General Study): May 16 to June 28
Session II (General Study and Washington in the World): July 2 to August 16
Sessions I & II: May 16 to August 16

REQUESTING A WAIVER OF THE GW STUDENT HEALTH INSURANCE PLAN
If you have purchased an outside health insurance plan that meets GW criteria, you will be able to request a waiver of the GW student health plan. You can request a waiver of the plan by visiting GW’s Aetna website and selecting the “Medical Plan: Waive” button on the left side of the page. This process must be completed prior to your arrival on campus, by May 1.

The waiver request will ask you a series of questions about your health insurance plan. You will need to answer Yes or No to the questions listed. Upon completing the online waiver request, you will receive a confirmation message that your waiver has been submitted. In the confirmation message, it will indicate if your waiver has been accepted or denied.

WHO TO CONTACT WITH QUESTIONS
Student Health Services has outlined a list of Frequently Asked Questions on their website regarding the health insurance requirement and waive procedure. Should you have additional questions about the waiver process or if your alternate plan meets the requirements, contact our Student Health Insurance liaison at ship@gwu.edu, or contact Aetna on their Customer Service Line at 1-800-213-0579.

MANDATORY HEALTH FORM
The District of Columbia requires that all students under the age of 26 have a record on file with their Student Health Service documenting vaccinations to Measles, Mumps and Rubella, Varicella or Chickenpox, Tetanus/Diptheria booster, Polio, Hepatitis B, and Meningitis. All students under the age of 26 studying at GW for the summer must return their form to Student Health Services by May 1.

Instructions for submission of the Mandatory Health Form:
1. Please take a copy of GW’s Mandatory Health Form to your health care provider. You can access these forms via the following website: http://studenthealth.gwu.edu/mandatory-health-form
2. Have your provider ensure that you are up to date with the requirements.
3. Your health care provider will need to complete and sign the Mandatory Health Form. Important: Your provider should provide you with copies of our immunization records to submit with this form.
4. You will need to bring the completed form and proof of receiving these immunizations to Student Health Services.

WHERE TO GO FOR MEDICAL CARE
If you are feeling sick, do not hesitate to get help – even if you are nervous and have never seen a doctor outside your own country. The longer you wait the greater risk you run for developing a serious problem from what may have been minor and easy to treat. Unless you have a real emergency, such as uncontrolled bleeding or a broken bone, do not go to a hospital emergency room for
treatment. Emergency rooms are very expensive and, if your condition is not life threatening, you may have to wait a long time for care. Residential students should contact one of their resident program advisors and inform them of the situation. They can also walk you to the appropriate office or answer questions about where to go. For non-emergency care, visit our Student Health Service office. It is best if you call first and make an appointment in advance. Students may also make advance appointments online at https://www1.sass.gwu.edu:8080. Same-day appointments are available, but if there are no same-day appointments available, SHS will offer you the next available appointment that works with your schedule, usually within 24 hours of your call.

Students with illnesses requiring emergency treatment may obtain care at a local Emergency Room, such as the GW Hospital.

Student Health Service
Marvin Center, Ground Floor
800 21st Street, NW
Washington, DC 20052
(202) 994-6827, Option #1
http://gwired.gwu.edu/shs
8:30am - 5:30pm, Monday - Friday

GW Hospital
900 23rd Street, NW
Washington, DC 20037
(202) 715-4000
www.gwhospital.com

911
In cases of extreme emergency where you cannot get yourself to the Emergency Room, you may dial 911 from any cell or home phone. 911 is the equivalent to 999 in some countries. Dialing 911 will automatically connect you to an emergency response operator. The operator will ask you what your emergency is and direct you to a hospital operator, dispatch an ambulance, or connect you with local police. 911 can be dialed from anywhere within the United States. This number is not to be taken lightly and should be used in only extreme emergency cases.

MENTAL HEALTH
It is not uncommon in the US for people with emotional problems to seek professional help. As you are far away from home and lacking your usual support system of family and friends, you may find it helpful to consult a mental health professional when dealing with issues of adjustment, depression, strain or stress. The process will be completely confidential.

Students may consult a professional at the University Counseling Center.

University Counseling Center
Marvin Center, Ground Floor
800 21st Street, NW
Washington, DC 20052
202-994-5300

Hours: Monday - Friday, 9am - 5pm
Summer in the City

DC is an exciting place to live and explore, so throughout your summer at GW we will be organizing weekly events as well as trips to nearby locales such as Annapolis, Baltimore and George Washington’s Mount Vernon. The list below includes examples of what you might expect this summer.

Sample Summer Events

- Meetings with professionals in a variety of disciplines
- DC neighborhood visits to U Street, Georgetown, Dupont Circle, Columbia Heights and more
- Museum visits to Smithsonian Institutions such as the Natural History Museum and the Hirschhorn Museum and Sculpture Garden
- Free concerts and shows at the Kennedy Center
- United States Botanic Gardens or the National Arboretum visits
- Lectures at places such as the National Institute of Health, World Bank or Brookings Institute
- Baseball games and cheering for the Nationals at our new National’s Stadium
- Resume or interview sessions at a Career Center workshop
- Sights and sounds of the many outdoor summer festivals, fairs and jazz concerts
- Moonlight monument tours and seeing DC landmarks in a different light

We look forward to meeting you this summer!
