COLLEGE INTENSIVE programs offer rising juniors and seniors the opportunity to earn college credit by engaging in challenging undergraduate level courses. Grades earned establish an official academic record at GW and may be transferable, depending on the policies of the receiving institution.

**6-Week Session**
**JULY 3–AUGUST 12 (3–8 CREDITS)**
Students enroll in up to two summer courses taken alongside GW undergraduates. Courses are introductory level and are offered across a variety of disciplines. Classes meet for 1 1/2 to 2 hours, 3 to 4 days per week. Students can expect significant reading, writing, and research assignments. Courses may be offered in the following areas:

- Arts
- Business
- Communications
- Government & Politics
- History & Humanities
- Science, Technology, Engineering, Math (STEM)

**3-Week Session**
**JULY 3–22 (3 CREDITS)**
Students select one curricular option in this full-day immersion program offered for high school students. Courses are taught in an intensive and highly experiential format, allowing students to focus on an in-depth examination of a topic and its applications. Students will have assignments beyond class meeting times. Courses offered this summer include:

- American Politics
- Caminos al Futuro
- Corcoran Studio Experience
- INSPIRE Program
- Introduction to Engineering

**6-Week Online Sessions**
**MAY 16–JUNE 25 • JULY 5–AUGUST 13 (3-6 CREDITS)**
Students who wish to engage in credit-bearing online courses may apply for the 6-week online option. Online courses are rigorous and best suited for self-motivated students with advanced study skills.

**BROADEN Your Circles**
- 11% international students
- 35 countries represented
- 39 states represented, along with Washington, D.C. & Puerto Rico

SUMMER IMMERSION is a full-day, rigorous noncredit program for rising sophomores, juniors and seniors. Participants enroll in two-week programs that integrate lectures with experiential and applied activities. Students expand and deepen their knowledge of a topic through collaborative learning and an exploration of the diverse intellectual and cultural resources of Washington, D.C.
